RUST Organizational Profile

RUST CONSULTING, INC.

Rust Consulting, Inc. was founded in 1976 and is a wholly owned subsidiary of SOURCECORP. Rust provides a variety of services to clients, including direct mail notification, published media campaigns, telephone support services, claims processing and award distributions. Rust began its class action claims administration practice in 1988 with work on the $45 million Chubb drought insurance settlement and continues today providing services for the $1.1 billion Microsoft California settlement.

Rust has provided claims administration services for over 1,000 class action settlements, including $4+ billion (in aggregate) for a series of life insurance market conduct settlements, the $950 million PB Pipe settlement, the $850+ million Masonite siding and roofing settlements, the $515 million Bank of America settlements, the $432 million Global Research Analyst Settlement, the $250 million Alliance Settlement, the $135 million CD Music Antitrust Settlement, and the $100 million Mylan Laboratories Lorazepam/Clorazepate settlement.

We have mailed over 10 million notices in a 10-day period, handled over 100,000 telephone calls in a day for a project, and paid out more than $3.5 billion in settlement assets. Rust has experience providing administrative services in complex areas where specialized systems and consulting services are required.

Today, Rust has 870 seats in its call centers and has the capacity to add more. It provides a variety of high-level telephone support services to clients including interactive voice services, live telephone support and internet-enabled telephone support services. We have taken over 1 million telephone calls on five separate projects. Numerous other projects have had call volumes ranging from 250,000 to 700,000 telephone calls.

Rust has two full-service centers located in Minneapolis and Faribault, Minnesota, and frequently teams with sister companies Complete Claim Solutions, LLC and Kinsella/Novak Communications, Ltd to offer clients the flexibility and convenience of additional locations in New York, Washington D.C. and Florida and unparalleled expertise and service options. For more information visit the Rust website at www.rustconsulting.com.

Organizational Profile

SCOPE OF SERVICES

Rust provides all the necessary support to assist clients in the print-and-mail process, claims administration and distribution. We design custom programs and services that best serve your specific needs and objectives. These services are designed to provide the most efficient and effective means of processing claims and distributing assets. We take pride in our ability to provide the level of support necessary to successfully complete projects in a timely manner and to serve the unique needs of each client within the required timeline and budget. At the beginning of the engagement, we work with you to provide a complete and detailed plan that serves as a guide to the successful and timely completion of the project.

Our available services encompass the following aspects of administration:

? Project Initialization: Develop a detailed project plan, define database criteria, design mail-pieces, and determine telephone scripting and routing requirements.

? Distribution Fund: Obtain tax identification numbers, establish Escrow fund, obtain tax opinion regarding the taxability of proceeds, and prepare schedule of tax return filing dates.

? Database: Determine sources of database information, design database, obtain database records from clients and compile database of claimant and claim information.

? Claimant Communication: Establish a toll-free telephone support system to respond to questions from claimants and to mail requests for Notices and Claim Forms.

? Internet: Design and maintain internet web sites that include general information, links to project documents, and the ability to file a claim on-line.

? Mail Piece: Development of the printed mail piece. Print with individual personal data.

? Claim Form Processing: Perform all services related to processing and validating claims. This includes inbound mail processing, imaging, data entry, claims validation, integrity checking procedures and resolving incomplete and problem claims.

? Refund Distribution: Calculate refunds, distribute checks and tax documents (if needed), and reconcile accounts.

? Taxes (if needed): Determine and resolve tax issues and prepare and file all required tax documents.

? Reports: Prepare all reports and affidavits required by client.

Below is a partial listing of cases Rust has administered.
